ChatGPT

Everything Prayas Graphics Does

Executive Summary: Prayas Graphics is a Nagpur-based printing and signage firm located at Madhuvatsalya Apartment, Tukdoji Square (Near Power House, Manewada Road). Founded in April 2021 [1], it operates as a small design and print shop offering a wide range of services. These include graphic design, printing of items such as business/visiting cards, flyers, brochures, pamphlets, banners, and booklets, as well as signage (LED/glow signboards, acrylic/ACP nameplates) and promotional items (e.g. T-shirts). The company accepts digital payments and is GST-registered (GSTIN 27FLGPM3542H1ZY [2]). It serves mainly local businesses and individuals across retail, corporate, education and events sectors, with a strong focus on B2B advertising needs [3] [4]. Its online presence includes a Justdial listing (4.9/5 from 146 reviews [5]), and social media (Facebook, Instagram). Competitors in Nagpur include long-established printers and sign-makers like Pyramid Graphics, Shyam Graphics, Designblock Advertising, Surendra Printers, Impact Pixels, and others [6].

Business Overview: Legally **Prayas Graphics** (GSTIN 27FLGPM3542H1ZY [2]) is listed as established April 2021 [1]. It appears to be a proprietor-run enterprise (Justdial classifies it as "dealer, manufacturer"). The shop is open six days a week (Mon–Sat, ~11:00–21:00 [7]) and closed Sundays. It accepts payments via UPI, credit cards and cash [8]. As of 2026, it has accumulated ~146 customer reviews (4.9/5 star) and 90+ reviews on Justdial [5] [9], reflecting steady growth since launch. *Ownership*: No public data on owners or shareholders, likely a small local firm. *Legal/Registrations*: It holds a GST registration (in Maharashtra, code 27) [2]. No online evidence of trade license, but being "JD Verified" suggests compliance with local business licensing norms [10].

Services and Products

Prayas Graphics offers a comprehensive print and design portfolio:

- **Graphic Design & Print Materials:** Business/visiting cards, flyers, brochures, pamphlets, newsletters, posters, ID/name cards, letterheads, catalogs. (Justdial lists business cards, flyers, visiting cards under "Popular Products".) It also handles book printing and stitching (Q&A on Justdial mentions textbooks, journals, invites, etc. [11]).
- **Large-format Printing:** Vinyl/flex banners, roll-up standees, pop-up displays, backdrops, hoardings. For example, it advertises 7-foot and 6-foot roll-up banner standees (portable vinyl banners) [12].
- **Signage:** External signage like **LED/Glow Sign Boards**, **Front-Lit (Flange) Sign Boards**, **Acrylic/ACP Name Plates**, and vehicle graphics. For instance, its catalogue shows a *"Lit Flange Sign Board"* at ~₹146–₹255 per sq.ft [13]. Also "Blue LED Sign Board" and acrylic nameplates are listed as products [14].
- **Vinyl Cut & Branding:** Cut vinyl letters/graphics, vinyl stickers and vinyl printing (e.g. for shop fronts, vehicle decals). The Facebook snippet suggests "Front Lite Board, Glow Sign Board, Vinyl Printing" as services.
- **Corporate & Promotional Items:** T-shirts, mugs, stationery, identity cards. (Competitors and the Justdial listing reference T-shirt printing; a local competitor Yogi T-Shirt Print is noted [15].)
- **Others:** Roll banners, gift items. They mention ID cards and promotional stands. A company highlights section notes they do *"Promotional Banner"* and stock items like carrying cases (see product specs [16] [17]).

Prayas Graphics creates signage and banners (example: a neon-style "This is the sign..." display). They specialize in large outdoor signage (LED/glow signs, front-lit acrylic panels) as well as indoor banners and displays [13] [14] *.*

Equipment & Materials: Although no list of machinery is public, standard industry equipment likely includes: - **Large-format Digital Printers:** For wide banners and signage (solvent/UV/latex ink printers). - **Offset/Digital Presses:** For smaller print (flyers, cards, brochures). - **Vinyl Cutter/Plotter:** For cut graphics/letters. - **Lamination Machines:** To finish prints. - **CNC Router/Lasers:** For cutting Acrylic, ACP, and metal sign panels. - **Design Workstations:** PCs with design software (Adobe Illustrator, CorelDraw, etc.) for artwork creation. Materials used: **Flex/Vinyl Rolls, Printing Papers, Acrylic Sheets, ACP Panels, LED Modules, Inks (solvent, UV, latex)**, and textile inks for T-shirts. The Justdial listing explicitly mentions "hi-tech printers" enabling 300 A4 sheets/min [18] , implying advanced presses. The equipment supports digital print of full-color graphics and assembly of illuminated signboards and displays.

A typical printing press/roll-paper machine used in shops like Prayas Graphics. This indicates the kind of large-scale offset/digital printing infrastructure likely used for high-volume work [18] [19] *.*

Target Customers & Industries

Prayas Graphics largely serves **businesses and events** in and around Nagpur. Likely customers include: - **Retail and Corporate**: Shops, offices, hotels needing signage (shop signs, menu boards, indoor/outdoor ads). - **Small and Medium Enterprises:** For branding materials (cards, brochures, banners). JD notes a focus on serving *"small and medium enterprises as well as large businesses"* [20] . - **Event Organizers & Exhibitions:** For roll-up displays, backdrops, and banners at trade shows or conferences. - **Education & Institutions:** For ID cards, certificates, event flyers. - **Manufacturers & Traders:** For packaging labels, letterheads, etc. - **General Public:** Personal printing (wedding invites, party banners, custom T-shirts, digital prints). Reviews often highlight fast service and help with designs, suggesting customers value quick turnaround for urgent needs. The broad product range implies the target audience is any local business or individual requiring physical advertising, from startups to established firms.

Pricing Estimates (Examples)

While Prayas Graphics quotes prices per project, market rates give estimates:

- **Business/Visiting Cards (500 pcs):** starting ~₹2 per card [21] (i.e. ~₹1,000 for 500 cards) or ₹500–₹2,500 per batch [22] depending on volume/design. Competitors like Designblock Advertising (Nagpur) list business cards at ₹500–₹2,500 per batch [22] .
- **Roll-up Standee (2×6 to 3×7 ft):** ₹700–₹1,800 each [23] [24] . (Designblock quotes ~₹1,200–₹1,800 for a 7-ft standee [24] ; a vendor lists a 3×6 ft standee at ₹700 [23] .) Local competitors include Pyramid Graphics (roll-ups ~₹1,550) and Designblock.
- **Flex/Vinyl Banners:** ~₹50–₹150 per sq.ft [19] . (This aligns with JD data for flex banners in Nagpur [19] and with typical market rates.)
- **Lit/LED Signboards (Acrylic Front-lit):** e.g. *front-lit sign board* ~₹146–₹255 per sq.ft [13] (Prayas's own catalog listing). Installation and design may add to cost. Competitors offering similar sign boards include Shyam Graphics and Pyramid Graphics.
- **T-Shirt Printing:** From ~₹180 per piece [25] (for single-color prints on cotton). (Competitive shops like Yogi T-Shirt Print in Nagpur advertise similar rates.)
- **Brochures/Flyers (design + print):** ₹500–₹1,000 per page [26] (Designblock's rate for a 4-page brochure).
- **Other Items:** e.g., LED display stands, acrylic boards, lamination, visiting card laminates, etc., vary by spec and size.

The table below compares typical services, price ranges (market estimates), and example local competitors:

Service	Price Range (approx)	Example Local Competitors
Business/Visiting Cards (500)	~₹2/card (₹1,000 total) [21] or ₹500–₹2,500 per batch [22]	Designblock Advertising (Nagpur), Shyam Graphics
Roll-up Standee (2x6 to 3x7 ft)	₹700–₹1,800 [23] [24]	Pyramid Graphics, Designblock Advertising

Service	Price Range (approx)	Example Local Competitors
Flex/Vinyl Banners (per sq.ft)	₹50–₹150 [19]	Pyramid Graphics, Shyam Graphics
Lit/LED Signboards (front-lit)	₹146–₹255/sq.ft [13]	Shyam Graphics, Pyramid Graphics
Promotional T-shirts	~₹180 per shirt [25]	Yogi T-Shirt Print (Nagpur)

(*Prices are indicative; final quotes depend on design complexity, quantity and specifications.*)

Typical Workflow (Inquiry to Delivery)

1. **Inquiry:** Customers contact Prayas via phone/WhatsApp (contact on Justdial: +91 73835 57546) or email, or walk in. The Justdial "Send requirement on WhatsApp" button indicates quick messaging orders [27].
2. **Requirement Discussion:** Sales staff gather details (size, quantity, materials). Designs may be provided by the customer or drafted by the in-house designers.
3. **Quotation:** Based on specs, an initial quote is given. Complex items (custom signage, large print jobs) likely need a site visit or digital proof.
4. **Design & Proof:** Graphic designers create layouts (using Photoshop/Illustrator). Customer reviews proofs, then final approval is obtained.
5. **Production:** On approval, printing/production commences. Printing is done on digital presses or plotters; sign elements are cut and assembled. Quality checks ensure colors and cuts are correct.
6. **Finishing:** Lamination, varnishing, or mounting is done as needed (e.g. applying vinyl on boards, framing standees, adding LEDs).
7. **Delivery/Installation:** Finished products are packaged. Delivery or pick-up is arranged; installation for large signs is organized with either in-house staff or contractors, if offered.
8. **Post-Delivery Support:** They likely handle reorders or support for any issues, as reviews mention responsiveness.

This typical cycle (inquiry → quote → design → print/fabricate → deliver) aligns with industry norms. The Justdial FAQ confirms they print color materials quickly (300 A4/min) [18] and can handle bulk orders on request.

Staffing and Roles

No public staff roster exists, but a small shop of this scale likely employs: - **Owner/Manager:** Oversees operations, client communication. - **Graphic Designers (1-2):** Create artwork and layouts. - **Print Operators/Technicians (2-4):** Run digital/offset presses, large-format printers, plotters. - **Sign Fabricators (1-2):** Cut acrylic/ACP, assemble sign boxes, handle LED wiring. - **Sales/Office Staff (1-2):** Handle inquiries, quotes, billing, customer service. - **Delivery/Installation Crew (2):** Possibly shared or contract basis for sign installation. The Justdial company profile mentions 24 employees in some listings (possibly aggregate) and a separate note "No of Employees: Less than 10" [28] for similar services, suggesting a lean team. Long hours (opening till 9 PM) imply staggered shifts.

Operating Hours and Contact

- **Hours:** Mon–Sat 11:00 AM–9:00 PM; Sunday closed [7]. (Another listing said "Open until 9:30 PM" [29], but hours from the FAQ are explicit).

- **Phone:** +91 73835 57546 (also used for WhatsApp enquiries [27]).
- **Online:** Justdial profile, verified Google My Business (implied by high JD rating), a dormant website (prayasgraphics.com listed but currently down). Active social media are indicated (Facebook, Instagram).
- **Address:** Madhuvatsalya Apartment, Shop No 3, Near Power House, Tukdoji Square, Manewada Road, Nagpur – 440027.

Online Presence

Prayas Graphics is listed on Justdial, IndiaMART and similar local directories. It has a Google Business listing (evidenced by customers being prompted to "Post a review to our profile on Google" [30]). Social media includes a Facebook page (152 likes) and Instagram (@prayas_graphics_77) showing samples (e.g. flex banner, LED sign photos). It lacks a functional website (the JD link "Visit our Website" returns an error), but the company profile suggests a site exists. There are no major references in news or trade sites. Overall, most online info comes from business listings and social posts.

Customer Reviews & Reputation

Prayas Graphics enjoys an excellent reputation. On Justdial it has 4.9/5 stars from 146 reviews [5]. Review highlights include: - *"Best place for graphic services."* [4] - *"Good for customer, fast service."* [31] - *"Very Good Service."* [32] - *"Thank you for the good service at low price."* [33] - *"Best Designer – Get best quality product."* [34]

Customers repeatedly praise fast turnarounds, quality, and professionalism. One review noted "good service in low price," suggesting competitive pricing. No significant complaints appear. The business has earned a "JD Verified" stamp, indicating a trusted profile [10]. Overall, its high rating and repeat clients suggest strong word-of-mouth among Nagpur businesses.

Competitors

Local competition is stiff in Nagpur's signage/print sector. Notable peers include: - **Pyramid Graphics (Nagpur):** 20+ year-old signage shop. (Pyramid offers similar services; roll-up stands ~₹1,550 [35], LED signs, offset printing.) - **Designblock Advertising Pvt. Ltd:** Established 2018 (6 yrs), does branding/prints (pricing shown above). Also offers digital/offset printing. - **Shyam Graphics:** 9-year veteran (flex/digital signage specialist). - **Surendra Printers:** Long-running printing press in Manewada area (offset, banners, packaging). - **Royal Graphics, Surendra Printers, Impact Pixels, Shree Copier, Ashish Graphics, etc.:** All local shops offering overlapping print/sign services [6]. - **Ad Zone A2Z Advertising:** Ad firm doing printing/signage. - **Tanmay Flex Printing, Regal Graphic World, etc.:** Others seen on Justdial lists (flex, offset, digital print shops). - **Larger chains:** (e.g. printing divisions of stationery or office suppliers) might also compete on certain jobs.

Prayas Graphics seems to differentiate via customer service and quality. Its high JD rating suggests it has outperformed many competitors in satisfaction. However, the presence of dozens of alternatives (many clustered around Manewada/Ring Road) means price and speed are competitive factors.

Regulatory & Tax Registration

- **GST:** Registered as GSTIN 27FLGPM3542H1ZY (Maharashtra state, firm name). Active.

- **Trade License:** Not publicly documented. Presumably holds a Nagpur Municipal or Shop & Establishment license, as required, though no public lookup available.
- **Trademark/ISO:** No evidence of any formal certifications or trademarks.
- **Business Type:** Listed as “dealer, manufacturer” by Justdial. Likely a sole proprietorship or partnership firm under a trade name. The company profile (JDMart) shows "Country of Origin India; Year of Est. 04-2021" [1], confirming timeline.
- **Other Registrations:** None found (e.g., no mention of MSME registration).

Opportunities and Risks

Opportunities:
- *Growing Demand for Branding:* As Nagpur’s economy grows, local shops and offices need quality signs and marketing materials. The shift to digital printing and custom apparel opens new niches (e.g. personalized gifts). - *Digital Advertising Synergy:* Offering online design previews or tying into digital campaigns could enhance appeal. Their JD comments highlight design expertise, which can be leveraged for branding packages. - *Expansion of E-commerce:* Tapping into online order channels (if they improve website/online ordering) could reach customers beyond foot traffic. - *Large Projects:* Government schemes or corporate clients might commission large sign projects or bulk printing (school/college events, festivals). - *New Products:* Advent of LED screens or UV-printed glass could be next offerings.

Risks:
- *Intense Competition:* Numerous nearby printers keep pricing competitive. As seen, many shops offer similar services in Manewada and central Nagpur [6]. - *Rising Material Costs:* Volatility in paper, ink or fuel prices could squeeze margins. - *Technology Upgrades:* Falling behind on equipment (e.g. needing upgraded printers) could impact quality/speed. - *Economic Slowdowns:* Print is partially discretionary; downturns (e.g. pandemic effects) can reduce orders. - *Online Competition:* National printing players or online print portals might undercut local business on price/turnaround. - *Dependency on Local Demand:* Heavy focus on in-person business could be a weakness if it doesn’t diversify.

Overall, Prayas Graphics leverages its reputation and full-service approach, but must continually innovate (e.g. add UV printing, neon, or augmented services) to stand out.

Timeline (Key Milestones)

```
timeline
    title Prayas Graphics – Key Events
    2021 : Business founded (Est. April 2021) [1]
    2021-07 : First customer reviews appear (“Very Good Service” on 2 July 2021) [32]
    2021-11 : High praise (“Best place for graphic services” on 23 Nov 2021) [4]
    2022 : Continued positive reviews throughout 2022 (service & price) [36] [37]
    2023 : Achieved 90+ JD reviews and verified status [9]
    2026 : ~146 reviews (4.9/5) and 5 years operation (by April) [5] [1]
```

Each milestone is drawn from Justdial evidence (review dates and listings). The timeline underscores steady growth and customer approval as Prayas Graphics has expanded since 2021.

Sources: Official business listings and directories (Justdial), customer reviews, and competitor sites inform this profile. Where official data was unavailable (e.g. internal processes or staffing), industry norms and logical inference were used, always citing supporting evidence. All specific data are cited from the sources above (for example, establishment year and GST [1] [2], service pricing [21] [19], reviews [4] [31], etc.).
